THE MINISTER OF PETROLEUM AND CHEMICALS (SHRI M. S. New LPG connections are released all over the country in a phased manner, under the annual programme for enrolment of customers. It is not possible to indicate the time by which connections could be released to all the persons in the waiting list, on account of production shortage and insufficient infrastructural facilities.

(h) The Information is given as under:

(In MI)

Year	LPG Demand		LPG Supply	
	Rajasthan	Olissa	Rajasthan	Oiissa
		12, 245	60, 444	12, 751
		16, 507	70, 054	16, 664
<Apiil—June)		4, 425	17, 618	4, 122

(c) While suplies of LPG in Orissa had been generally normal, backlogs did develop in May and July, 1990 due to the severe cyclone and power failure which affected the production in the Vishakhapatnam Refinery and the late receipt of LPG imports at Vishakhapatnam. In Rajasthan, a temporary backlog had developed recently on account of the overall shortfall in the availability of bulk LPG. With the improvement in the availability of the bulk LPG. the backlog is expected to be brought down shortly.
